

Specification

Model	C0207	
Function	Public headset sterilizer	
Lamps	lamp(7W) *1	
Dimension	box stand on desk(movable)	W:30cm / H:36cm / D:15cm / weight:3.63kgs
Material	up&down cover	ABS Steel
	up plate	high tensile Galvanized steel
	down plate	stainless steel
	front&back	stainless steel
	transparent compartment	optical silica glass
	main machine	aluminum alloy
	sunscreen door	anti UV PC steel
Sterilize	lighting	most effective UV germicidal band UV-C($\lambda=253.7\text{nm}$)
	principal	kill bacterial through DNA or RNA
	efficiency	up to 99.999%以上(by 40second)
	bacterial capability	Escherichia coli, Staphylococcus aureus ... (refer to testing report) use for one headset
Electric	power supply	DC 12V 1.0A (2.1/5.5 mm plug)
	lighting	5 white LED lamps x4 pcs
	display	digital panel, W3.5cm/H1.8cm
	overload	building fuse in motherboard
	design	auto timing control, (UV-C timer), display on panel
	adjustment	amend timer between 20-95 second
	position	UV-C light penetrate quartz to leather cover
	lamp	7W UV-C (253.7nm) lamp 1pcs
Interface	one touch	only one button design
	display	show the countdown after starting
	lighting	2 LED turn on automatical after open door (total 4LED)
	intelligent	auto shut immediately once open door; or power overload
	maintenance	easy to replace the parts
	alarm	beep after finish job
Warranty	reliability	guarantee quality, maintenance, phone call, model and made in Taiwan
	service	free one year service(including all parts)
